

# PRATIK SHEWANE

**Email:** pm.shewane@gmail.com | **Phone:** (+91) 9921573319

**GitHub:** github.com/pratikShewane369 | **LinkedIn:** linkedin.com/in/pratik-shewane

## PROFILE SUMMARY

Passionate **Backend Developer** experienced in building scalable web applications using **Node.js, Express.js, MongoDB, and React**. Skilled in **API design, database optimization, and cloud deployment**. Strong understanding of **REST architecture, authentication systems, and Git-based workflows**. Focused on writing efficient, maintainable code and delivering industry-grade solutions.

## SKILLS

- Programming Languages: Java, JavaScript, Python, C
- Web Development: Node.js, Express.js, React.js, RESTful APIs
- Databases: SQL, MongoDB
- Tools & Platforms: Git, GitHub, Docker, CI/CD, Kubernetes
- Artificial Intelligence Foundations (Oracle Certified): AI Fundamentals, Machine Learning Basics, Prompt Engineering, Large Language Models (LLMs),

## EDUCATION

Bachelor of Technology (B.Tech) in Computer Engineering

Government College of Engineering, Yavatmal — CGPA: 7.30 (Aug 2023 – May 2027)

### Higher Secondary Certificate (HSC)

Smt Radhabai Sarda Arts, Commerce & Science College Anjangoan (Surji) — 80.1% (2023)

### Secondary School Certificate (SSC)

Nirmala High School Kapustalani — 86.8% (2021)

## PROJECTS

GlobeNest – Full-Stack Stay Booking App | GitHub: github.com/pratikShewane369/globeNest

- Developed a stay booking platform inspired by Airbnb using Node.js, Express.js, and MongoDB.
- Implemented RESTful APIs and dynamic server-side rendering with EJS.
- Designed database schemas and enabled real-time interactions.
- Followed MVC pattern and integrated authentication.
- Live Demo : globenest.onrender.com/listings

Dockerized Node.js CRUD Application

- Using **Node.js, Express.js, and MongoDB**, following RESTful API principles.
- Build Containerized the application using **Docker**, enabling easy deployment, portability, and scalability .
- Implemented proper **API error handling and modular architecture**, improving maintainability.

## INTERNSHIP EXPERIENCE

**Full Stack Developer Intern** — *Aide Tech Labs* | *Location (Remote)* | *Oct 2024 – Nov 2024*

- Built and deployed a **MERN stack** web application (MongoDB, Express.js, React, Node.js).
- Designed RESTful APIs and optimized backend performance, reducing response time by **30%**.
- Integrated authentication using **JWT + bcrypt**, improving security.
- Collaborated with frontend & backend teams using **Agile/Scrum** workflow.

## **LEADERSHIP & RESPONSIBILITIES**

Web Development Club Lead | GCE Yavatmal | Jan 2024 – Present

- - Conducted MERN stack workshops and peer-to-peer coding sessions.
- - Mentored junior developers and introduced them to version control and API development.

## **ACHIEVEMENTS & INTERESTS**

- - Solved 150+ coding problems on LeetCode and GeeksforGeeks.
- - NPTEL Certified in “Python” Programming (72%).
